Windows 11 Migration

Seamless Transition to Windows 11 for Enterprise Environments

BUSINESS CHALLENGES:

Migrating to a new operating system, such as Windows 11, can enhance productivity but requires careful planning to prevent disruptions. Transitioning an entire enterprise is complex and involves assessing compatibility, managing devices, and training employees to ensure the smooth adoption of the new system's features and security capabilities.
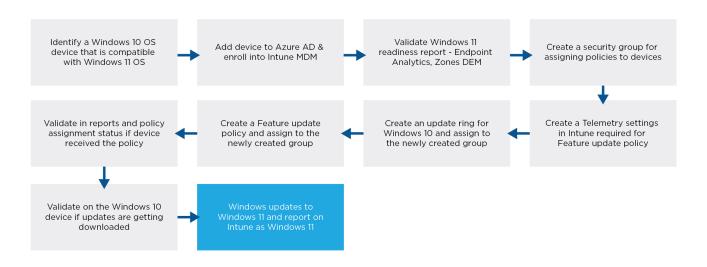

SOLUTION OVERVIEW:

Windows 11 offers a modern, streamlined design, enhanced performance, and robust security features. Its improved touch-screen support and multitasking abilities empower users with greater productivity tools. However, successfully migrating to Windows 11 involves several steps to minimize disruptions. Zones provide a comprehensive migration solution that includes assessing current systems, verifying hardware and software compatibility, and guiding users through the transition with tailored training and support. Our approach is tailored to each organization's needs, ensuring a seamless migration experience with minimal downtime.

DEMO OVERVIEW:

Our lab demo, using Intune Device Management, illustrates the migration process and explains how to manage dependencies for selecting devices for Windows 11.

Ready to plan your migration? Contact your Zones Account Executive for a demo.

Identify a Windows 10 OS device that is compatible with Windows 11 OS	→	Add device to Azure AD & enroll into Intune MDM	→	Validate Windows 11 readiness report - Endpoint Analytics, Zones DEM	→	Create a security group for assigning policies to devices

Validate in reports and policy assignment status if device received the policy	←	Create a Feature update policy and assign to the newly created group	←	Create an update ring for Windows 10 and assign to the newly created group	←	Create a Telemetry settings in Intune required for Feature update policy

Validate on the Windows 10 device if updates are getting downloaded	→	Windows updates to Windows 11 and report on Intune as Windows 11
